## Introduction

It is with great pleasure that we present to you the 2016 Annual Report of the Division Study Financing's, which outlines and highlights , for the Ministry of Education, Culture, Youth and Sport Affairs and the general public, the accomplishments over the past twelve months and our future plans.

It has been another productive year, with few developments in area of study financing. The economic and financial situation of St.Maarten and the Government continued to be very challenging. The impact on study financing recipients was however very limited as Government was still able to meet all financial obligations to recipients in a timely manner. This was mainly due to the efforts of our financial officer and the excellent working relationship with the Departments of Finance and Treasury .

However, in 2017 it is of vital importance to continue our efforts to increase our return on investment through the facilitation of employment for study financing recipients on St.Maarten and the collection of outstanding study loans.

Very little progress was made with the enactment of study financing legislation. The document is currently at the Council of Advice.

## Vision and Mission

### Vision:

As an organization that assists students in the pursuit of higher-and tertiary level education, the Division Study Financing (DSF) is:

- A reliable partner who thinks along with the policymakers. DSF executes financial and administrative processes and in accordance with the Study Financing Ordinance;
- An expert link between pupils, students, parents, teachers, schools, universities, policymakers and other partners. DSF connects these parties together and involve them actively in the implementation;
- A forward-looking organization that makes processes as easy as possible for its customers and associates. DSF will continually works to improve service and adapt quickly to technological innovations;
- An attractive organization for its personnel. DSF has an open and respectful culture where employees will have opportunities to grow.

### Mission:

- To provide study financing, information and support for those following training programmes at MBO, SBO, Associates, HBO/Bachelor, and Master levels on St.Maarten, in the Netherlands, in the United States, Canada, the Caribbean region and other places.
- To provide professional development opportunities to eligible citizens of St.Maarten via information, support and financing in a dynamic, innovative and client-friendly manner.
- To play a role in the personal development of the citizens of St.Maarten and to assist in creating opportunities for a better future for individuals and the community at large.

## Activities based on Regulation and Policy Plans

### General Tasks and Focus Areas

The Division of Study Financing is an executive service within the Ministry of Education, Culture, Youth Affairs and Sports.

The Division of Study Financing executes the following tasks:

- Facilitation of the study financing application-, issuance- and revocation process;
- Providing study financing information;
- Issuance of statement letters (Financial, VISA, etc), study loan contracts, warning letters;
- Preparing students to live and study abroad;
- Processing requests for:
  - 100 % study loans;
  - Computer loans and additional study materials;
  - Tickets (Vacation, completion of study, death and first time travel to place of study);
  - Study financing extensions;
  - Reallocation fees;
  - Reimbursement of funds;
  - Change of study and/or place of study;
- Monitoring study financing recipients study progress and results;
- Maintaining regular contact with students, educational institutions and student support services providers;
- Maintenance of the study financing recipients database, website, financial administration and archives;
- Facilitation of the repayment of study financing funds granted in the form of loans;

- Providing study financing recipients with medical-, health- and accident insurance;

## The short-term objectives:

1. To promoting studying in region;
2. To facilitate an increase in the study financing return on investment;
3. To facilitate an increase in efficiency and efficacy through the implementation of ICT related innovations;
4. To management and execute the studying in the region project.

## Evaluation of 2016 objectives:

<b>Outcomes:</b>	<ul style="list-style-type: none"> <li>- The multi-user web based database and administration software system has been developed and implemented for at least 80%.</li> <li>- The study website has been upgraded to include online study financing applications, study financing recipients account features ,request submission and a downloadable study financing APP;</li> </ul>	<ul style="list-style-type: none"> <li>- NO</li> <li>- Yes</li> </ul>	<ul style="list-style-type: none"> <li>- Project was delayed due to the fact that the ICT department is understaffed and Computech is not adhering to deadline</li> <li>- Discussions was started with a new company IBESYS</li> <li>- A TOR was prepared</li> <li>- Website upgrade completed</li> <li>- App development progressing to be completed in November 2016</li> </ul>

<b>Objective 4</b>	<i>To management and execute the studying in the region project</i>	<b>Accomplished on time Yes/No</b>	<b>Remarks</b>
<b>Outcome:</b>	<ul style="list-style-type: none"> <li>- Monitor and control the study progress of all students with scholarships studying in the region</li> <li>- Facilitate the preparation of a financial report</li> <li>- Facilitate a financial audit of SIDR project</li> <li>- Facilitate the 2016 SIDR payment from MIN OCW</li> <li>- Facilitate the application process and study financing issuance process</li> </ul>	<ul style="list-style-type: none"> <li>- Yes</li> <li>- Yes</li> <li>- Yes</li> <li>- Yes</li> <li>- Yes</li> </ul>	<ul style="list-style-type: none"> <li>- Students were required to submit their study results by July 15, 2016</li> <li>- The transfer of the funds is being awaited</li> <li>- 15 applications have been received and process into the administration system</li> </ul>

## Challenges:

- Collection of outstanding study loans
  - No access to DECADES
  - Cooperation with Receivers and Department of Finance
- Sufficient Human Resource
- Cooperation and support within the Ministry
- Finalization of the new study financing laws;
- Changes in Dutch educational laws and admittance criteria;

## Staff

### Formation

In 2016, one (1) senior study financing officer reached the pensionable age and retired. One (1) study financing officer transferred to the Department of Education after receiving two(2) negative performance evaluation. An internal candidate was promoted from study financing officer to the function of senior study financing officer after an open recruitment process.

In September 2016, a new study financing officer was recruited to fill the vacancy.

The Division of Study Financing is presently has one remaining vacancy to be filled which is for the position of secretary. The application process is ongoing and this vacancy should be filled by January 2017.

### Training

Due to budgetary constraints no human resource development activities were conducted in 2016. The DSF staff received predominantly internal guidance and coaching in the execution of their tasks and responsibilities.

### Work hour –and sick leave regulation

	2011	2012	2013	2014	2015	2016
<b>Staff</b>	3	8	7½*	7½ *	8	7

<b>Vacation %</b>	-	6.6%	8.4%	8.8%	8.0%	4.6 %

## H & R Cycle

The performance of all but one staff member was evaluated in accordance the H&R Cycle policy. Two employees left DSF during the year as such they were not evaluated. One new employee joined DSF in September .The planning interviews were conducted in the month of January. The midterm assessment interviews were conducted in September and the final assessment interviews were conducted in December.

### Overview of the staff performance

Final Assessment End Score	Explanation	Amount
EP-2	Exceptional performance	1
SP-5	Strong Performance	5
NI-8	Strong Performance for results and weak performance for competencies	0
NI-9	Extremely weak Performance	0

## 2016 Study Financing Applications

Study Financing request are approved based on the criteria listed in the Study Financing Ordinance. The Study Financing Committee advises the Minister in this regard. The final decision is made by the Minister of Education, Culture, Youth Affairs and Sports.

The minister deviated from the advice of the SFC in 18 (10 %) cases.

## Comparison of approved requests from 2010 - 2016

Year	Total Requests	Increase/Decrease		Granted		Denied	
		Amount	%	Amount	%	Amount	%
2016	182	-42	-19%	133	73	49	27
2015	224	-39	-15%	172	77	52	23
2014	263	-81	-24%	154	59%	109	41%
2013	344	109	46%	180	52%	164	48%
2012	235	-37	-14%	164	70%	71	30%
2011	272	63	30%	182	67%	90	33%
2010	209	0	0	136	65%	73	35%

The numbers requests decreased in 2016 by 19%. This decrease can be attributed to the following factors:

1. Drastic decrease of the number of Havo and Vwo students;
2. Poor academic performance where students are advised by counselors not to apply;
3. Introduction of the IB and CAPE programs, more students are remaining longer on the island before requesting study financing.
4. GED diploma programs, more PSVE students are pursuing GED diploma's before applying for study financing.
5. Increase number of free movers, students who move to the Netherlands on their own to live with family and friends and request study financing directly from DUO.
6. Changes in the admission regulation in the Netherlands for MBO and HBO.
7. The main reason is a drastic decrease in the number of students applying to study in the Netherlands. This has decrease by almost 50%.

## Appeal Cases

In accordance with article 55 jo. 56 of the National Ordinance Administrative Decisions, persons whose study financing was denied may appeal this decision. The Study Financing Appeals committee has been tasked with organizing hearings and advising the Minister with reference to the appeals. The overview below depicts the number of appeals per place of study and the minister decision.

Place of Study	Appeals	Granted		Denied	
		Amount	%	Amount	%
Aruba	2		0%	2	12%
Canada	3	1	6%	2	12%
England	1	1	6%		0%

From the overview, it can be concluded that 85 % of study financing recipients attending schools using a GPA system earned a GPA of 2,50 or higher, 88% of the study financing recipients attending MBO or SBO were promoted . 68% of the study financing recipients attending school using the ECTS system did earn 45 ECTS or higher.

### Overview of warning letters issued

Warning letter	Amount
First	61
Second	13
<b>TOTAL</b>	<b>74</b>

In 2016, 74 warning letters were issued due to students not meeting the academic performance requirement. This is 60 less warning letters than in 2016.

## Dropouts

In study financing terms dropouts are study financing recipients who did not qualify for an extension of their study financing because they did not submit their study results or proof that they have graduated. This entails in some cases that the student has chosen to continue their study with their own funding or funding from another financing institution. The number of dropouts in Holland and Curacao relatively high at 32% and 26%. The total number of dropouts decrease by 40% compared to 2015.

Place of Study	Dropouts	%
ARUBA	0	0%
BARBADOS	1	5%
Canada	2	11%
CURACAO	6	32%
HOLLAND	5	26%
ST. MAARTEN	2	11%

## Graduates

In 2016, approximately 67 study financing recipients reported to the Division Study Financing that they had completed their studies. The number of expected graduates for 2016 was approximately 149. As such, it can be concluded that approximately 45% of the study financing recipients graduated in 2016. This is an increase of 10% compared to 2015. It has also been noted that most study financing recipients' breaks off all contact with the Division Study Financing once they are no longer entitled to payments. This makes it very difficult to record this data accurately. Below you will find an overview of the graduates per place of study.

Place of Study	Graduates	%
ARUBA	3	4%
